-------------------------------	---

W5500CoB (ESoPe)

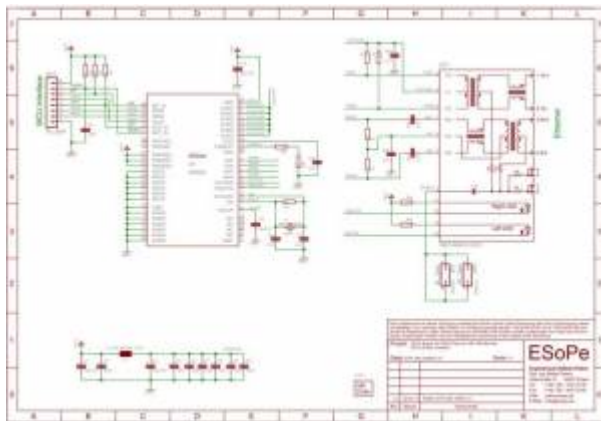

A small **“Connector-on-Board”** Plug-In Module with **W5500** chip + with 8pin 100mil distanced Pin-Headers 'Breadboard friendly' Footprint. The W5500's SPI I/F and PHY I/F is free available. The vertical RJ45 for Top side connection.

The **W5500CoB** Module is made by German company **ESoPe**.

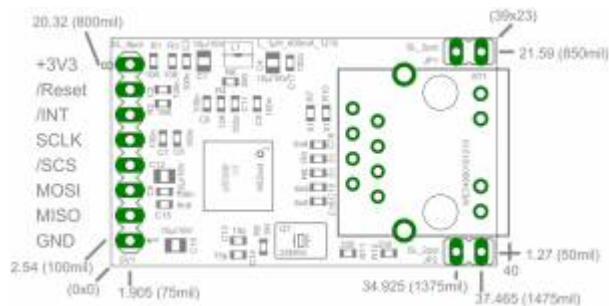

Here pictures of Top and Bottom side:

The **schematic** is here:

The **Pinout** and **Dimensions** of the Module in detail are here:

In the [WIZnet EU's Blog](#) is a nice explanation about how to connect RJ45 and make a short test setup.
